Intellectual property: Release its potential

Protecting and policing your ideas

Based in the UK, we operate in Europe and throughout the world via professional associates.

HGF Law provides specialists in both litigation and commercial matters in all areas of intellectual property and technology law, from the protection of IP through to its exploitation and enforcement.

We advise on

- IP contracts
- Licensing and technology transfer
- IP enforcement and defence
- Dispute resolution and litigation
- Internet and domain name issues
- Related UK and EU competition law

A rare blend of expertise

HGF Law carries out a diverse range of UK and European assignments from its offices in Leeds and London, operating throughout the rest of the world via professional associates.

Our capabilities:

We provide specialist expertise in both litigation and commercial matters in all areas of intellectual property and technology law. Our experience ranges from the protection of IP through to its exploitation and enforcement; from IP acquisition and disposal to worldwide licensing and technology transfer; from pan-European brand, design and software clearance advice to multi-national patent litigation; from anti counterfeiting and corporate IP protection policies to national and international trade mark and design litigation.

Our people:

Our lawyers have science and engineering back-grounds with particular experience in the hi-tech, engineering, chemical and biological fields. This rare blend of scientific, commercial and legal expertise provides unique insights into strategic asset management at local and international levels. It is a combination that enables our clients to make the right business decisions, at the right time, and in the most cost-effective manner.

Our clients:

HGF Law acts for major international and national companies, government agencies, research organisations/ research-based universities, as well as many SMEs. All our clients receive affordable, budgeted, detailed attention and considered, professional advice.

Recommended by 'Legal 500'

Although founded as recently as 2002, HGF Law draws on more than 30 years IP experience with City law firms. We are proud to have been rated 'Highly Recommended for Intellectual Property' by 'Legal 500', and Chambers, the independent UK legal services directories.

A meeting of minds

We understand the minds of creative individuals, and the mindset of companies involved in the development of innovative ideas. By relying on HGF Law for the legal support required to protect and police their intellectual property, our clients have the peace of mind and the time to concentrate on their core businesses.

Confidential Information

Patent and Trade Mark Expertise

HGF Law is the sister firm of HGF, Patent and Trade Mark Attorneys. Established in 1995, HGF is one of the leading firms of Patent and Trade Mark Attorneys in the UK, and has the dynamism to adapt to, and operate in, a complex and ever more rapidly changing commercial environment.

HGF provides the very latest thinking and methodologies with regard to the securing, defence and policing of clients' intellectual property.

With HGF and HGF Law working together on your business, you have a formidable team behind you – one that will ensure you obtain a seamless service and the maximum benefit from your ideas.

Always very much on side

Trust and knowledge are central to the partnerships we build with our clients. We endeavour to thoroughly understand their organisations and aims through close working relationships, so that they see HGF Law as helpful, always approachable business colleagues rather than as people they turn to in a crisis.

In this way we are able to offer an early evaluation of issues the client may face, before any problems become entrenched, and this typically results in relatively simple and affordable solutions.

HGF Law is driven by a desire for success, and operates in the knowledge that this will largely be achieved through the success of its clients and the referrals that will result from this.

As such, we do all in our power to ensure that our clients succeed by providing them with the most sound, professional advice, by identifying commercial opportunities and/or threats, and by always keeping within pre-agreed budgets.

HGF Law in a nutshell

We provide:

- expert advice
- the highest quality service
- an unblemished record of success in resolving commercial and conflict issues
- years of experience in all aspects of IP and Technology law
- national and international expertise
- proven ability in high technology fields, including biosciences and advanced electronics
- lawyers with science and engineering backgrounds
- 24 hour cover

We deliver:

- excellent working relationships with clients
- commercial focus
- sensitivity to budgetary constraints
- a 'no surprise' transparent costs policy
- knowledge transfer to clients
